Information regarding return of rental car

The driveway is located at Holsbjergvej 3.

When returning a car outside opening hours, the front gate will be closed. In that case, the gate can be opened using a four-digit code followed by #. This code will be provided by an EuropCar employee. The keypad is located at a black post by the gate. Please park the car under the cantilever roof if there is any available parking spots. If not, just wherever there is a free parking spot – but not blocking the gate. The key deposit box is located to the right of the main entrance across from the petrol pump.

The gate closes automatically 2 mins after opening. Should it close before you exit, there is a door located to the right of the gate, through which exit will be possible. Please remember to close the door after exiting.
